

ANNA

The Year in ANNA History

Looking Back: 2001-2002

*Mary Ann Gould
President*

The Year in Review

- ANNA worked with the Renal Physicians Association to develop a Practice Guideline for Chronic Renal Insufficiency.
- ANNA received a significant educational grant for development of a three-part series, *Delaying and Preparing for Renal Disease Progression*, edited by Charlotte Szromba.
- Mike Cunningham was appointed ANNA's Executive Director while all association functions were consolidated at the National Office in Pitman, NJ.
- *Nephrology Nursing Journal* began its own web site at nephrologynursingjournal.net, and featured complete abstracts of articles and full text of all departments.
- The Advanced Practice SIG task force published the *ANNA APN Standards of Care and Professional Performance*.
- ANNA collaborated with the National Kidney Foundation Singapore to successfully participate in NephroAsia 2001, an international renal health care congress.
- ANNA membership exceeded 12,000 members under President Mary Ann Gould while there were a total of 108 chapters.
- The 33rd National Symposium, held at the Walt Disney World Dolphin Hotel in Orlando, attracted an attendance of about 1,600 paid registrants and more than 250 exhibit booths.
