

November 1, 2018

Dear CEAB Approval Applicant:

The ANNA Continuing Education Approval Board (CEAB) is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center - Commission on Accreditation (ANCC-COA). Over the past many years, CEAB has provided a valuable service for members, colleagues, and other organizations interested in providing quality nursing education for contact hour credit. Unfortunately, over the past several years CEAB has experienced a significant decrease in the use of its service.

As a result, the ANNA Board of Directors felt it was necessary to carefully review CEAB's services, including all staff and operational expenses. To assess the use and value of CEAB, ANNA conducted several surveys among stakeholders. The data affirmed that CEAB provides outstanding services for ANNA's chapters, members, and other organizations. However, we also found the overall use of CEAB's services continues to decline, while the cost of providing the service is not decreasing.

Under outstanding leadership and volunteer support, CEAB has worked hard to be as cost effective as possible. But, during recent years, external factors have caused a steep decline in the number of local chapter programs. The biggest factor is the unavailability of corporate sponsorship of educational programs that provide contact hours due to changes in regulatory and pharmaceutical guidelines for programs. After much discussion and debate about the pros and cons for keeping CEAB operational, ANNA's Board of Directors arrived at the conclusion that it is no longer financially feasible to continue this service.

The ANNA Board of Directors has decided to discontinue the CEAB effective April 15, 2019. Enclosed is a "Frequently Asked Questions" document that provides additional details about the transition plan going forward. Important dates for your future planning are:

- The last date that CEAB will accept "on-time" applications (received 45 days or more prior to the educational event) will be March 1, 2019. Applications will be processed and serviced at the normal application fees.
- The final date for submission of "late" applications (submitted 44-30 days prior to the educational event) will be March 15, 2019. The standard late fees will be applied to these applications.

Repeat Programs and Record Keeping

CEAB will continue to operate and provide services through April 15, 2019. All approved programs are valid for delivery and/or repeat for up to two (2) years from the date of approval, even for activities that are conducted after April 15, 2019.

As noted on your approval letters, if you opted to keep your own records, please save these for six (6) years, as required by ANCC. As a part of ANNA's ongoing services and requirements with ANCC, ANNA will maintain records for programs that were assigned to us. In the meantime, through this transitional period, we will be asking those of you who submitted programs for approval to complete the evaluation forms and audits that will be sent to you in the future.

On behalf of ANNA and CEAB, we appreciate the opportunity to have served you over the past years. We will be happy to assist you in any way we can with this transition process. Please contact Sally Russell, Director of Education Services (Sally.Russell@annanurse.org), or Jackie Myers, Education Services Coordinator (Jackie.Myers@annanurse.org), if you have any questions or concerns. Thank you.

Sincerely,

Sally Russell
