ANNA National Symposium

FORT WORTH, TX

MAY 22-25, 2022
OMNI FORT WORTH HOTEL & FORT WORTH CONVENTION CENTER

FEATURING IN-PERSON & LIVESTREAM REGISTRATION OPTIONS

annanurse.org
CONNECT with nephrology nurses from across the nation and the world – in-person or virtually – at the 2022 ANNA National Symposium. The symposium’s hybrid educational program offers you the option to gather with colleagues and learn in person in Fort Worth, Texas, or chat with other attendees online while you livestream sessions from your home or workplace. Choose the conference experience that works best for you!

No matter how you participate, the ANNA National Symposium provides you the opportunity to:

- **Enhance your knowledge** and take your professional practice to the next level as you learn from top nephrology experts.
- **Collaborate** with nephrology professionals and industry representatives and expand your professional network.
- **Be energized and inspired** by a community of nurses who support your success and share your commitment to quality patient care.

Register by April 1 for the best rates!
annanurse.org/symp22

---

**Preconference Agenda**  
*All event times are Central Time Zone*

**Sunday, May 22  |  7:00 am - 1:15 pm**

**Optional Preconference Workshops (010-020)**

Preconference workshops are available as part of the “Best Deal” registration options. Both workshops will be offered in person. Only workshop 010 will be available via livestream.

**010  Recognizing and Caring for Various Complications in Patients with Chronic Kidney Disease**  
6.0 CH, 3.0 Rx  
Rasheed Balogun, MD, FACP, FASN, HP  
Mitchell Rosner, MD, MACP  
Nadeen Khoury, MD  

This workshop will focus on various complications experienced by patients with chronic kidney disease (CKD) and the assessments, planning, and interventions for which all nephrology nurses are responsible. In addition to the more common complications associated with CKD (anemia, heart disease, gout, and diabetes), complications related to treatment modalities (disequilibrium syndrome, water treatment issues, vascular access problems) also will be discussed. Issues that may arise in home dialysis (such as peritonitis) as well as complications related to organ transplantation also will be addressed.

**020  Impact of Race and Ethnicity on Risk of Acute Kidney Injury and End-Stage Kidney Disease Hospital Readmissions**  
6.0 CH, 1.5 Rx  
Naveed Masani, MD, FACP, FASN  
Tracy Anderson-Haag, PharmD, BCPS  
Felicia Speed, LMSW  
Mignon Early, MSN, BSN, RN  

While information is available on social determinants of health and diversity, equity, and inclusion (DEI) in health care, nephrology nurses working in acute dialysis settings need to know how these issues impact their unique patient population. This workshop will focus on how DEI issues may impact the risk, recurrence, morbidity, and mortality of acute kidney injury and end-stage kidney disease readmissions. Sessions will focus on improving cultural awareness and sensitivity and will assist acute dialysis nurses in planning effective and meaningful communications and discharge planning.
Sunday, May 22

1:15 pm - 3:00 pm
101 Lunch / Non-CE Product Theater
Sponsored by Amgen

3:00 pm - 3:45 pm
102 Orientation for New ANNA Members / First-Time and International Attendees

4:00 pm - 4:30 pm
Opening Ceremonies

4:30 pm - 5:30 pm
Janel Parker Memorial Opening Session

103 Beyond Grit: Embracing Passion and Purpose to Gain the High-Performance Edge
1.0 CH
Cindra Kamphoff, PhD, CMPC, PCC

The symposium opening session will inspire you to embrace your passion for nephrology nursing and share tips for how you can gain a high-performance edge in both your daily work life and your personal life. Dr. Kamphoff is well-known for assisting people to recognize the mental side of performance, whether as a team, a leader, or a high achiever.

5:45 pm - 8:15 pm
104 Exhibit Hall Grand Opening / Reception
Meet with industry representatives and view displays of state-of-the-art technology, products, and services. Beverages and light hors d’oeuvres will be served.

Monday, May 23

6:00 am - 6:45 am
105 Healthy Living / Fitness Walk
Wake up early and energize your day with a morning stroll with friends.

7:15 am - 8:45 am
110 Breakfast / Non-CE Product Theater
Sponsored by AstraZeneca

8:45 am - 10:15 am
120 Exhibits / Posters / Coffee Break
2.0 CH
Contact hours are available for viewing posters during exhibit hours.

10:15 am - 11:30 am
Concurrent Sessions (131-135)

131 Transplantation 2022: Are We Doing Enough?
1.25 CH
Marian Charlton, SRN, RN, CCTC
Matthew Cooper, MD
Peter Kennealey, MD, FACS
David Serur, MD
This session will address current issues in transplantation, including laparoscopic versus robotic transplantation, the United Network for Organ Sharing/Organ Procurement and Transplant Network kidney allocation system 1 year later, innovations in kidney paired donations, and the ethics of compensation for living donations.

132 Pregnancy and the Kidney
1.25 CH, 0.5 Rx
Alice Luehr, DNP, RN, CNN
This session will review anatomy and physiology changes during pregnancy, warning signs for acute kidney injury in the pregnant population, nursing care considerations and interventions for pregnant patients with kidney disease, as well as needed education for this patient population post-delivery.

133 Nephrology Nurse Leaders: A Toolkit for Success
1.25 CH
Loretta Jackson Brown, PhD, RN, CNN
Being a nurse leader is difficult and requires a willingness to continually learn and adapt. Dr. Jackson Brown will provide practical leadership applications focusing on organization of time and responsibilities and the essential tool of communication. She also will share tips on conflict resolution, coaching/mentoring, innovation, succession planning, and work-life balance.

134 Strategies to Inspire Healthy Work Environments
1.25 CH
Carolyn Latham, DNP, MBA, MSN, RN, CNN
Charlotte Thomas-Hawkins, PhD, RN, FAAN
Healthy practice environments matter! Find out why they are so important and how you can make a difference in your formal or informal leadership roles. Learn about powerful, essential, and actionable elements of healthy work environments and gain insight into the evidence driving these approaches.

135 Baxter PD Excellence Academy ~ Peritoneal Dialysis: What It Is and How It Works
1.25 CH
Ann Mancini, MSN, RN, FNP
This session will provide an overview of peritoneal membrane anatomy and physiology. The peritoneal transport process, PD solutions, membrane transport variability, and how they relate to the peritoneal equilibration test also will be reviewed.
**Efficacy of LDL Apheresis in Refractory Focal Segmental Glomerular Sclerosis**

**JoAnn Morey, ANP**

Focal segmental glomerular sclerosis (FSGS) in the pediatric population is a challenging and complex disease. This session will provide an overview of the pathophysiology and treatment for FSGS, including transplant evaluations, apheresis in the pre-transplant phase, and post-transplant management of FSGS recurrence. The efficacy of low-density lipoprotein (LDL) apheresis in refractory FSGS also will be discussed.

---

**Transitional Care Units: Paving the Road to Home**

**Anna Pasour, MSN, APRN, FNP**

This session will provide a historical perspective on transitional care units, including their use, goals, and benefits. However, the primary focus will be the role of the nephrology nurse and advanced practice nurse in these programs. The session will wrap up by addressing the question: Where do we go from here?

---

**Dining on the Periodic Table: ‘My Neighbor Said I Need These Supplements’**

**Kristin Larson, MSN, RN, AGNP-BC**

Learn more about the mineral supplements your patients may be using and how they can affect kidney function. This high-energy session will focus on essential patient education related to supplement use and the importance of asking each patient the question: “What are you taking besides your prescribed medications?”

---

**Becoming a Nursing Influencer**

**Sara Brady, MSN, RN, NEA-BC**

What does the term “influencer” have to do with you and your position at work? The session will provide answers to that question and describe who can be an influencer. Case studies will demonstrate how innovation through influencing is possible.

---

**Baxter PD Excellence Academy ~ A Blueprint for the PD Nurse**

**Cassidy Allison, BSN, RN**

This session will provide a how-to guide on acquiring organizational skills and tips to improve workflow when managing PD patients. Learn how to manage your time effectively, build a nurse toolkit of resources, and strategically navigate through unexpected events that may occur during the day.
Tuesday, May 24

7:00 am - 8:30 am
201 Breakfast / Symposium
Supported by an educational grant from GlaxoSmithKline

8:45 am - 10:30 am
Exhibits / Posters / Coffee Break

10:30 am - 11:45 am Concurrent Sessions (211-215)

211 SEEKING* Nephrology Nursing Innovators: Research Fundamentals Workshop (*Supporting Education Empowerment and Knowledge Innovation in Nursing Grants)
1.25 CH
Amber Paulus, PhD, RN, CPHQ

If you have thought about conducting research but have no idea how to get started, this session is for you! Tips for developing a research idea, ensuring your research is scientific, writing a research proposal, and submitting research for publication will be shared.

212 Diet, Disparity, and Chronic Kidney Disease
1.25 CH
Diedre Crews, MD, ScM

This session will explore disparity in the care of individuals with chronic kidney disease (CKD) by focusing on diet and how it impacts the development of CKD, the disease progression, and ultimately the outcome of care. Strategies to improve patient outcomes also will be shared.

213 Renal Perioperative Risk Factors: What Nephrology Nurses Need to Know When Their Patients Go to the Operating Room
1.25 CH, 0.25 Rx
Alice Luehr, DNP, RN, CNN

Individuals with kidney disease or acute kidney injury (AKI) sometimes require surgery. This session will examine what can occur during surgery, including drugs commonly used, fluid management, and what circulating nurses are watching for during the procedure. Strategies to protect the kidneys during surgery as well as collaborative strategies to optimize outcomes for patients with kidney disease/AKI during this critical period will be shared.

214 What Are You Made Of? The Genetics for Nephrology Care
1.25 CH
Mary Schira, PhD, APRN, ACNP-BC

Genetic makeup is recognized increasingly as a tool to identify treatment for various health issues, such as determining an appropriate antidepressant medication. Other examples include genetic testing for cytomegalovirus infection and ganciclovir resistance in transplants as well as testing for primary versus secondary membranous nephropathy. This session will explore current uses – and the future potential – of genetic testing for disease management.

1.25 CH
Beverly Kenna, BSN, RN, CNN

The goal of fluid management in PD is the normalization of extracellular volume. Learn to apply a structured diagnostic approach to the evaluation of fluid balance problems through a review of fundamental concepts in achieving target weight in PD. (Continued in Session #235)

12:00 nn - 1:30 pm
220 Nephrology Nurse Recognition Lunch
Network with friends and celebrate the professional accomplishments of colleagues as the ANNA Outstanding Achievement Award winners are announced. The luncheon also will include the annual ANNA business meeting and induction of the 2022-2023 Board of Directors.

1:45 pm - 3:00 pm Concurrent Sessions (231-235)

231 From Idea to Article: Writing for Publication Workshop
1.25 CH
Beth Ulrich, EdD, RN, FACHE, FAONL, FAAN
Nephrology Nursing Journal Editor-in-Chief Beth Ulrich will review the manuscript development, peer review, and publication processes and provide tips for developing a plan for writing and submitting a manuscript for publication.

232 Home Hemodialysis: Opportunities for Success
1.25 CH
Erica Murdoch, RN
Mindy Painter, CCHT, CAN/CCHTBS

This session will focus on improving strategies to achieve the goals of the Advancing American Kidney Health Initiative, specifically moving hemodialysis to the home setting. How do we bring patients home for treatment? What is our vision for successful transition from in-center to home care? Explore these questions and more!
233 Are We Applying Learning Principles When Teaching Older Adults about Chronic Kidney Disease?
1.25 CH
Rowena Elliott, PhD, RN, CNN, AGNP-C, GS-C, CNE, LNC, FAAN

Dr. Elliott will clarify the principles of providing education to adults and how these principles relate to – and are affected by – patient learning styles. Nephrology nurses are involved in patient education, and these principles should be at the forefront of how we plan and provide education.

234 Where There’s Smoke, There’s Fire: Renal Considerations with Tobacco Use
1.25 CH, 0.5 Rx
Cynthia Smith, DNP, APRN, CNN-NP, FNP-BC, FNKF

Did you know tobacco is a major factor in kidney dysfunction? If not, this session will provide you with the information you need to be fully informed. The types and prevalence of tobacco use will be highlighted followed by an in-depth review of the physiologic effects of tobacco use on the kidney. Evidence-based cessation methods and patient education resources also will be covered.

1.25 CH
Beverly Kenna, BSN, RN, CNN

The goal of fluid management in PD is the normalization of extracellular volume. Learn to apply a structured diagnostic approach to the evaluation of fluid balance problems through a review of fundamental concepts in achieving target weight in PD. (Continued from Session #215)

242 Living Organ Donation
1.0 CH
Rohini Prashar, MD

Living kidney donation is an optimal treatment choice for most kidney transplant recipients. This session will review the various types of living organ donation as well as the criteria that must be met for living donation. Incorporating information regarding regulatory oversight and the risks and benefits of living organ donation, this session will offer valuable information attendees can use to educate their patients and others.

243 Diagnosing Alport Syndrome: Genetics and Classification
1.0 CH, 0.25 Rx
Seemi Khan, MD, MPH, MBA

Alport syndrome is a health issue that nephrology nurses may see in their practice but not understand fully. This session will focus on the challenges of diagnosing Alport syndrome, and the pathology and genetics involved. The session will wrap up with a review of the reclassification of schematics used to diagnose and treat Alport syndrome.

244 Bridging Generational Gaps
1.0 CH
Rose Markey, MA

A multigenerational workforce in health care may create discord during stressful times. This session will assist participants to better understand and manage workplace conflict and improve communication by reviewing the stereotypes and characteristics of each generation. Learn how to leverage the assets each generation brings to the workplace, rather than focusing on the differences, to drive results.

245 Baxter PD Excellence Academy ~ The Science and Art of Prescription Management in PD, Part 1
1.0 CH
Brenda Wiggins, BSN, RN

An overview of important concepts regarding prescription management and PD adequacy will be presented followed by a discussion of the application of these principles. (Continued in Session #253)
4:30 pm - 5:45 pm
Concurrent Sessions (251-253)

251 Abstracts Presentations: Clinical Focus
1.25 CH

252 Abstracts Presentations: Research Focus
1.25 CH

253 Baxter PD Excellence Academy ~ The Science and Art of Prescription Management in PD, Part 2
1.25 CH
Brenda Wiggins, BSN, RN

An overview of important concepts regarding prescription management and PD adequacy will be presented followed by a discussion of the application of these principles. (Continued from Session #245)

Wednesday, May 25

7:00 am - 8:00 am
Concurrent Sessions (301-302)

301 Health Policy Update
1.0 CH
Donna Bednarski, MSN, RN, ANP-BC, CNN, CNP
James Twaddell, ANNA Health Policy Consultant

This session will provide an update on health policy impacting nephrology nursing. Expert speakers will share legislative and regulatory policies that have the actual or potential power to influence nursing practice, education, and the delivery of care to patients with kidney disease. Attend this session to learn things of importance to the nursing profession and the lives of patients.

302 Baxter PD Excellence Academy ~ Infection Prevention: Strategies for PD Nurses
1.0 CH
Lori Campbell, RN, CNN

Nurses are in a unique role to help increase patients’ long-term success with PD by focusing on preventive strategies. Learn how to use the skills and knowledge of your nursing practice to facilitate positive patient outcomes and prevent infectious complications.

8:15 am - 9:30 am
Concurrent Sessions (311-312)

311 Pharmacology Update
1.25 CH, 1.25 Rx
Tracy Anderson-Haag, PharmD, BCPS

This highly anticipated session will provide valuable education for all nurses involved in nephrology care. Dr. Anderson-Haag will share information on newer drugs in kidney disease management and treatment, as well as drugs used to treat other disease processes that are now being used in individuals with kidney disease.

312 Baxter PD Excellence Academy ~ Remote Patient Management: Leveraging Technology to Work Smarter, Not Harder
1.25 CH
Kimberly Lambertson, MSN, RN, CNN

Monitoring patients on PD appropriately when they go home is essential to ensuring their success. Remote patient management (RPM) systems provide visibility into patients’ home treatments, enabling clinicians to provide more timely and accessible care, identify problems sooner, and take action to maximize the potential of PD. This session will review the functionality of an RPM system and provide opportunities to detect APD-related issues. Master the skills needed to assist patients in performing home therapy with confidence by monitoring therapy remotely.
9:45 am - 11:00 am
Concurrent Sessions (321-322)

321  Post-COVID Syndrome
1.25 CH
Tina Kelly, MSN, APRN, FNP-C
Personal stories are one way to gain insight into experiences without living them. A nurse colleague will share her personal journey of contracting COVID-19 and then developing long COVID, providing a powerful narrative and insight to learn about the lived experience of COVID.

322  Baxter PD Excellence Academy ~ The PD Nurse’s Guide to Starting a New Patient
1.25 CH
Kimberly Lambertson, MSN, RN, CNN
Create an effective training experience for your new PD patient as you gain essential skills to transfer knowledge to adult learners in a way that is educational, interesting, and interactive. This session is part one of a two-part course to assist the PD nurse in training a new PD patient and introduce PD catheters. The course is based on the ISPD Syllabus for Teaching Peritoneal Dialysis to Patients and Caregivers. Part two focuses on success at home and is available as a free online e-learning course through PD Excellence Academy.

11:15 am - 12:30 pm
Closing Sessions (331-332)

331  Back to the Future: Evolution of the Nephrology Specialty
1.25 CH
Matthew Sparks, MD
Dr. Sparks will talk about how language matters, particularly the terminology used to describe the kidney disease process. The changes in kidney disease terminology will make for an interesting and informative discussion. The evolution of kidney replacement therapies will be another highlight of this exciting session.

332  Baxter PD Excellence Academy ~ PD Retention
1.25 CH
Lori Campbell, RN, CNN
The risk of transfer to hemodialysis is the highest during the first few months of PD initiation. This session will review causes of PD dropout and nursing strategies to help patients stay on PD therapy. Learn how to play a leadership role in guiding and reinforcing patient retention.
Hotel & Travel Information

Hotel Reservations
The Omni Fort Worth is the official hotel for the symposium.

Omni Fort Worth
1300 Houston Street, Fort Worth, TX 76102
Check in: 4:00 pm ~ Check out: 11:00 am
$185 single/double + taxes (currently 17%)
Online reservations: annanurse.org/symp22
Phone reservations: 817-535-6664 (ask for ANNA National Symposium)

The discounted conference rate is available until April 21, 2022, or until rooms sell out. Reservations made after this date are subject to space and rate availability. (Taxes are subject to change without notice.)

Note: Only make your hotel reservations via the ANNA reservation link or hotel phone number provided above. ANNA does not use a housing agency. No one from ANNA or the conference hotel will call or email you to make a hotel reservation; ignore any communications you may receive from outside agencies.

Hotel Parking
Parking is valet only at a rate of $32 + tax per night. (Rate subject to change.)

Airports/Transportation
The Omni Fort Worth is 25 miles from the Dallas/Fort Worth International Airport (DFW) and 35 miles from the Dallas Love Field Airport (DAL). Taxi service to/from DFW Airport is approximately $55-$60 one way. Taxi service to/from DAL Airport is approximately $75 one way.

Downtown Fort Worth is accessible via TEXRail from Dallas-Fort Worth Airport from the Terminal B or North Stations. Cost is $2.50 each way. The trip to the Fort Worth Central Station takes approximately 45 minutes. The Fort Worth Central Station is a 10-minute walk from the Fort Worth Omni.

Downtown public transportation options are available:
• Molly the Trolley: Complimentary trolley service with routes through downtown; picks up in front of the hotel. Learn more at ridetrinitymetro.org/rider-services/molly-the-trolley
• The Dash: This electric bus will take you from downtown Fort Worth to the 7th Street corridor and the Cultural District; $2 one way or $5 for a day pass. Learn more at ridetrinitymetro.org/rider-services/dash-handrediscover

Weather
Texas weather in May is mild and very enjoyable. Daytime temperatures are low to mid 80s and low 60s for nighttime. Please pack a sweater (as conference room temperatures may vary) and comfortable walking shoes for your conference activities.
Registration

Register at annaurse.org/symp22. In-person and livestream registration options are available. Livestream sessions are to be determined and will be announced closer to the conference date. All registrants will have access to all recorded conference content.

Preconference workshops are available as part of the “Best Deal” combination registration option. The in-person “Best Deal” registration option offers a choice of workshop 010 or 020. The livestream “Best Deal” registration option includes 010 only.

Please provide your email address when registering to ensure you receive your registration confirmation and other meeting communications. All communications regarding the meeting will be sent via email.

All in-person pre-registrations must be received with payment by May 13, 2022. In-person registrations received after this date will be processed onsite.

Deals & Discounts

• Register by April 1, 2022, for early bird rates.
• Best Deal: Combine a preconference workshop with the symposium for one low rate when you register by April 1, 2022.
• ANNA Members save $100 on registration.
• Register for the symposium and join ANNA – or renew your ANNA membership – for one low rate. Regular registration fees include a 1-year ANNA membership. (International registrants who register at the Regular rate receive a virtual international membership.)

Program Agenda

All event times are Central Time Zone.

Baxter PD Excellence Academy

Baxter is offering nurses interested in advancing their peritoneal dialysis (PD) skills the opportunity to attend immersive PD Excellence Academy accredited educational sessions that are included in the symposium program for no extra cost. These sessions will be offered in-person and via livestream.

If you register for the National Symposium, you will have access to ANNA symposium sessions as well as Baxter PD Excellence Academy sessions.

The Baxter PD Excellence Academy sessions are accredited individually through the California Board of Registered Nursing.

Nursing Continuing Professional Development

Gain contact hours (CH) for your professional development, recertification, and relicensure.

• Preconference Workshops – 6.0 CH
• Symposium* – 17.0
• Bonus** – 5.0 CH

Sessions marked with Rx contain pharmacology credit hours. Up to 9.75 pharmacology hours can be accumulated from symposium sessions.

*Additional contact hours may be available if corporate support is received for additional programs.
**Bonus contact hours are available with full symposium registration only and include meeting content only (not preconference sessions).

ANNA urges participants to be aware of the NCPD requirements for relicensure in the states in which they hold a license.

American Nephrology Nurses Association is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center’s Commission on Accreditation.

ANNA is a provider approved by the California Board of Registered Nursing, provider number CEP 17499.

Online Library & Symposium Educational Materials

The ANNA Online Library (annaurse.org/library) provides extra value for your symposium registration.

• Full symposium registrants (in-person and livestream) receive free access to all conference sessions in the Online Library. Listen to sessions you may have missed or revisit ones you found interesting. Content will be available approximately 3 weeks after the conference.
• Session/speaker reference materials will be available to view/download/print in the Online Library prior to the conference.
• Evaluate sessions online (onsite or at home) to redeem your contact hours.
• After completing the symposium/session evaluation process, access and print your contact hour certificates in the Online Library anytime.
Waiver and Release of Liability by In-Person Participants

In-person registrants must acknowledge and accept the risks and requirements associated with in-person participation at the symposium. All in-person registrants must complete a COVID waiver/release form onsite in Fort Worth. For more information, preview the release form at annanurse.org/covidwaiver.

Payment Policy

No registration will be processed unless full payment is received with the registration form. If you do not receive an email confirming your registration, please contact the ANNA National Office.

Refund Policy

No telephone cancellations will be accepted. Written notice of cancellation must be sent to the ANNA National Office, East Holly Avenue Box 56, Pitman, NJ 08071-0056 (fax 856-218-0557). A $50 administrative fee will be assessed on all cancellations received in writing and must reach the office no later than May 2, 2022. No refunds will be issued after this deadline. ANNA membership fees are nonrefundable. If ANNA finds it necessary to cancel or postpone this educational offering for any reason, including but not limited to low registration, strikes, pandemics, or acts of God, ANNA shall not be liable for registrant(s)’ expenses.

Guests

Guest tickets ($100 each) are available for the ANNA Dance Party. Guest tickets are limited to one per symposium registrant and entitle the guest to attend the dance party only. Guests are not admitted to exhibits or any other sessions/events.

Media Release

ANNA occasionally uses photographs/video of ANNA meeting participants in its publications, website, social media, and promotional materials. By virtue of your attendance at the symposium, you agree to usage of your likeness in such material.
