SUNDAY, APRIL 19

7:00 am - 1:15 pm
Optional Preconference Workshops (010-030)
Separate registration fee required (includes continental breakfast)

010 Certification Review Course
6.0 CH, 2.0 Rx
Lynda Ball, MSN, RN, CNN, Chair
Deborah Brooks, MSN, RN, APN-BC, CNN, CNN-NP
Diane Derkowski, MA, RN, CNN, CCTC
Joanna Neumann, RN, CNN

This workshop will provide a comprehensive review of nephrology nursing, including nephrology concepts and treatment modalities, and is ideal for individuals preparing for certification in nephrology nursing.

020 Advocacy for Patient/Nurse Safety: Proposing Standards in the Acute Care Setting
6.0 CH
Robin Collins, MS, BSN, RN, CNML
Tara Crockett, BN, RN, CHSE, CCRN
Stephanie Elliott, MS, RN, CNN
Faith Lynch, MSN, RN
Naveed Masani, MD, FACP, FASN
Barbara Odom, BSN, RN, CDN

Acute dialysis is provided in hospitals across the United States. While chronic dialysis units have conditions for coverage to guide their daily standards of practice, acute care dialysis settings have minimal regulatory and quality guidance. This workshop will address workplace issues, such as work hours, staffing patterns, bullying, and violence, and provide best practice standards for acute dialysis settings with an emphasis on patient and nurse safety.

030 Hyper/Hypotension in Dialysis and Chronic Kidney Disease
6.0 CH, 3.0 Rx
Zorica Kauric-Klein, PhD, APRN-BC
Shannon Lang, MSN, RN, AGACNP-BC
Wendy St. Peter, FCCP, FASN, FNKF
Raymond Townsend, MD

Blood pressure management is a common challenge for nephrology nurses caring for patients on dialysis. This workshop will review the pathophysiology of blood pressure conditions in kidney disease, nursing assessment, treatment options, and guidelines governing evidence-based care.

7:00 am - 1:15 pm
Leadership Education and Development (LEAD)
Workshop (040 or 050)
By invitation only.

040 LEAD Workshop for Chapter Officers
This workshop will provide leadership training and development for ANNA chapter officers. Invitations and complete program details will be provided to incoming 2020-2021 chapter officers in February 2020.

050 LEAD Workshop for SPN Leaders/Advisors
This workshop will provide leadership training and development for Specialty Practice Network (SPN) Leaders and Advisors. Invitations and complete program details will be provided to incoming 2020-2021 SPN Leaders/Advisors in February 2020.

Note: The LEAD orientation program includes the preconference workshop and a choice of two symposium sessions on Monday, April 20 (session #135 or #136 AND session #145 or #146)
Symposium Agenda

SUNDAY, APRIL 19

Janel Parker Memorial Session

103 A New Era in Nursing: Enabling Professional Empowerment
1.0 CH
Kay Wagner, DHA, MSN, RN
Historically, nursing has been viewed as an oppressed profession. An understanding of oppressed behaviors may be the first step in overcoming the obstacles that prevent nurses from becoming empowered professionals. Explore the phenomenon of empowerment as it relates to the culture of nursing.

5:45 pm - 8:15 pm
104 Exhibit Hall Grand Opening / Reception

MONDAY, APRIL 20

6:00 am - 6:45 am
105 Healthy Living / Fitness Walk
Wake up early and energize your day with an early morning stroll with friends!

annanurse.org/2020-symposium
131 Renal Pathology in Glomerular Disease
1.25 CH
Alexis Harris Snead, MD
Explore the pathophysiologic findings, evaluation, and differential diagnosis of the most common glomerular diseases.

132 Caring for the Patient with a Congenital Heart Defect on Dialysis
1.25 CH, 0.25 Rx
Kristen Stocker, MSN, RN, CPN
It is estimated that 2-3 million people in the United States have a congenital heart defect (CHD), and 30%-50% of those have kidney disease. Learn more about the unique needs, potential complications, and treatment considerations for patients with CHD requiring vascular access.

133 Handling Anemia
1.25 CH, 1.25 Rx
Christine Chmielewski, MS, CRNP, CNN-NP, APRN, BC
Anemia is a common challenge for nephrology nurses to manage in patients with chronic kidney disease. This session will provide an update on anemia management guidelines, including current medications and potential adverse effects.

134 Authentic Leadership
1.25 CH
Judy Kauffman, DNP, MSN, RN, CNN
Do you possess the characteristics of an authentic leader? Whether you are a formal or informal leader, this session will help you identify strategies to implement authentic leadership in your practice.

*135 The Advocacy Journey
1.25 CH
Jodie Szlachta, PhD, CRNA
Follow the advocacy journey of a professional nurse and explore opportunities for personal advocacy engagement. Learn how you can use your position as a nurse to advocate for patients.

*136 Online Resources for Volunteers
1.25 CH
Celess Tyrell, BA, DES
Many online tools are available to make your role as a volunteer ANNA leader easier. Learn about using these resources and why they matter. This presentation will provide an overview of ANNA Connected, social media, Zoom, Doodle, Dropbox, and more, and will offer ideas and insights as you plan for the ANNA year.

*Sessions 135 and 136 are designed for ANNA volunteer leaders as part of the LEAD orientation program.

The meeting was fantastic, well-organized, and incredibly informative. I brought a ton of new information back to my team and plan to discuss applications of current evidence-based practice with our medical director at our next QAPI meeting.
Whitney A., BSN, CNM, Hopkinsville, KY
11:45 am - 1:00 pm
Concurrent Sessions (141-146)

141 Is It Gangrene or Calciphylaxis?
1.25 CH, 0.5 Rx
Naveed Masani, MD, FACP, FASN
Early recognition and prompt treatment of calciphylaxis in patients with renal disease is vital for symptom relief, ulcer healing, and prevention of sepsis and death. Learn how to recognize the symptoms of calciphylaxis early in patients in acute and chronic settings in order to achieve optimal patient outcomes.

142 Cognitive Impairment, Vascular Dysfunction, and Physical Inactivity in Older Adults with Chronic Kidney Disease
1.25 CH
Mary Hannan, PhD, APN, AGACNP-BC
Dr. Hannan will share the findings of a research study examining the differences in cognitive function, vascular function, and physical inactivity levels in older adults with and without kidney disease and the implications for appropriate assessment and interventions in older patients with kidney disease.

143 Racial Gaps in Kidney Transplantation
1.25 CH
Tanjala Purnell, PhD, MPH
What are the barriers contributing to racial-ethnic disparities in kidney transplantation? This session will focus on identifying effective mechanisms to eliminate racial-ethnic barriers and increase access to transplantation.

144 Managing Difficult and Destructive Personalities
1.25 CH
Mike Sherbun, MHA, RN
Gain insight into dealing with individuals with difficult or destructive personalities and how to guide interactions to decrease tension. Learn practical techniques that can be applied to avoid or manage conflict in your daily practice.

145 Strategies to Recruit and Retain Nephrology Nurses
1.25 CH
Kristin Larson, MSN, RN, AGNP-BC
Alice Luehr, DNP, RN, CNN
Nancy Pierce, BSN, RN, CNN
This session will review generational attributes that contribute to employment retention and satisfaction, and strategies to recruit new nephrology nurses and retain current nephrology staff.

146 Hands-On Lab: Online Resources for Volunteers
1.25 CH
Celess Tyrell, BA, DES
If you are looking for help using online resources such as ANNA Connected, Facebook, Doodle, Dropbox, and more, this hands-on lab is for you! For the best experience, bring a laptop or tablet with you to the session. (Note: Session is limited to 25 participants.)

*145 and 146 are designed for ANNA volunteer leaders as part of the LEAD orientation program.

1:00 pm - 1:30 pm
150 Box Lunch

Wonderful experience and invaluable networking!
The meeting reenergized me!
Joyce D., BSN, RN, Tulare, CA

1.0 CH

2:30 pm - 4:00 pm
Exhibits / Posters / Refreshment Break

4:15 pm – 5:15 pm
Specialty Practice Networking Sessions (171-175)

171 Hemodialysis ~ Alice Through the Looking Glass: A Look at the Acute Kidney Injury Patient’s Continuity of Care from Hospitalization to the Chronic Unit
1.0 CH

172 Advanced Practice ~ Negotiation and Contracts for the Advanced Practice Nurse
1.0 CH

173 Administration ~ Horizontal Violence in Nursing: Impact in Nephrology Settings
1.0 CH

174 Transplantation ~ Not a Mickey Mouse Operation: What Happens When Your Patient Gets ‘The Call’ for a Kidney Transplant
1.0 CH

175 Educator ~ Creating a Culture of Civility through Communication, Collaboration, and Collegiality
1.0 CH.

8:00 pm - 10:00 pm
180 Dance Party
Enjoy an evening of music, dancing, and light refreshments with friends and colleagues at the dance party.
TUESDAY, APRIL 21

7:00 am - 8:30 am
201 Breakfast / Symposium
(pending corporate support)

8:45 am - 10:30 am
Exhibits / Posters / Coffee Break

10:30 am - 11:45 am
Concurrent Sessions (211-215)

211 Home Dialysis: Reaching the CMS Goal of 50% by 2025
1.25 CH
Lisa Koester-Wiedemann, ANP, CNN-NP
Enhancing patient education about kidney disease treatment options enables patients and families to make informed decisions about home care. This session will focus on the components of an effective patient education plan and strategies to increase home dialysis penetration.

212 Cardiovascular Disease: It’s Not Just for Adults
1.25 CH, 0.5 Rx
Suzan Stephens, BSN, RN, CNN
Barbara Cometti, MA, BSN, RN, CDN
Left ventricular hypertrophy is the most common cardiac abnormality in children with chronic kidney disease (CKD) and can disrupt the conduction system in the heart, leading to fatal arrhythmias, sudden cardiac death, or cardiac failure. Learn more about the importance of accurately measuring blood pressure, managing hypertension, and performing frequent dry weight assessments to reduce the risks associated with cardiovascular disease in children with CKD.

213 Rhabdomyolysis
1.25 CH, 1.25 Rx
Rasheed Balogun, MD, FACP, FASN, HP(ACSP)
This session will provide an overview of rhabdomyolysis, including etiology, signs and symptoms, laboratory values, and treatment options.

214 Understanding Basic Lab Values 101
1.25 CH
Deborah Brooks, MSN, RN, ANP-BC, CNN-NP, CNN
This session will review laboratory values that are key in diagnosing and assessing the progression of kidney disease, including anemia, electrolytes, nutrition, bone management, urine microscopy, and adequacy of dialysis.

215 New Advances in Apheresis
1.25 CH
Darinka Povrzenic, MBA, HP(ASCP), RN
Learn about recent advances in therapeutic apheresis, including technical improvements, new indications for use, and recommendations for treatment. The session also will address the nephrology nurse’s role as a stakeholder in this therapy.

12:00 nn - 1:30 pm
220 Nephrology Nurse Recognition Lunch
Network with friends and celebrate the professional accomplishments of colleagues as the ANNA Outstanding Achievement Award winners are announced. The luncheon also will include the annual ANNA business meeting and induction of the 2020-2021 Board of Directors.
231 **Stop the Revolving Door: Home Dialysis Patient Retention Strategies**
1.25 CH  
*Brent Miller, MD*

Explore the challenges of retaining patients on home therapy. Potential complications of long-term home dialysis, high-risk assessment, and strategies to maintain patients on home dialysis will be discussed.

232 **Vascular Access: Catch It Before It Fails**
1.25 CH  
*Spencer Galt, MD*

A primary concern for nephrology nurses caring for dialysis patients is protecting and maintaining the patient’s access. Learn more about the signs of a failing access, procedures that facilitate identification of a problematic access, and the process for handling vascular access complications.

233 **What Is Cannabis? Dive into the Weeds with CKD and Drug Interactions**
1.25 CH, 1.25 RX  
*Lisa Miller Hedin, BSN, RN*

What is cannabis, and how is it being used in kidney care? Explore the differences between cannabis, marijuana, and hemp as well as the legalities associated with each substance. Learn about the dialyzability of these substances and the relationship to the disease process and common kidney disease treatments.

234 **Complement and the Kidney: Atypical Hemolytic Uremic Syndrome and C3 Glomerulopathy**
12.CH, 0.75 RX  
*Bradley Dixon, MD, FASN*

What are the differences between atypical hemolytic uremic syndrome and C3 glomerulopathy? Learn more about these renal diseases, which can occur when the body fails to properly regulate the activation of the complement system, and promising new complement-targeted therapeutic agents that may provide better patient outcomes.

235 **From Idea to Article: Writing for Publication Workshop**
1.25 CH  
*Beth Ulrich, EdD, RN, FACHE, FAAN*

*Nephrology Nursing Journal* Editor Beth Ulrich will review the manuscript development, peer review, and publication processes and provide tips for developing a plan for writing and submitting a manuscript for publication.
3:15 pm - 4:15 pm
Concurrent Sessions (241-245)

241  Transitional Care Units
1.0 CH
Bryan Fore, BSN, RN
What is a transitional care unit? How can this unit help achieve the 2025 goal for 50% of kidney disease patients to receive treatment at home? How do you start a transitional unit in your clinic? Discover the answers to these questions during this informative session.

242  Dyslipidemia Across the Kidney Disease Spectrum
1.0 CH, 0.5 Rx
Leah Foster Smith, MSN, APRN, FNP-BC, CNN-NP, FNKF
This session will provide an overview of dyslipidemia, including laboratory findings and the association with various kidney diseases and disorders. Review treatment guidelines from organizations (American Heart Association, National Lipid Association, KDIGO) and practice applications for patients across the kidney disease spectrum.

243  The Relationship Between Inflammation, Depression, and Nonadherence Among Persons with ESRD
1.0 CH
Kathleen Fulmer, PhD(c), FNP, RN, CNN
Ms. Fulmer will share the findings of a research study examining the relationship between inflammation and nonadherence to dialysis treatment in end-stage renal disease (ESRD) patients with depression as a mediating factor. Implications for patient care also will be discussed.

244  How Can We Help Patients Find a Living Kidney Donor?
1.0 CH
Jennifer Martin
Patients who receive a living donor kidney live longer than those who receive a transplant from a deceased donor; however, the barriers to living donation are considerable. This session will share information about resources, training, and support available to overcome barriers to living organ donation, including a National Kidney Foundation initiative to train people to share their story about the need for a kidney donor and a transplant.

245  Sepsis Case Study
1.0 CH, 1.0 RX
Maria Teresa Palleschi, DNP, APRN-BC, RN, CCRN
This case study presentation will follow a patient on a chronic unit who develops sepsis, beginning with admission, to aggressive treatment, diagnostic approaches for catheter-related infections, and transition from inpatient to outpatient care. Preventive strategies also will be shared.

4:30 pm - 5:30 pm
Concurrent Sessions (251-252)

251  Abstracts Presentations: Clinical Focus
1.0 CH

252  Abstracts Presentations: Research Focus
1.0 CH

The ANNA symposium is a must-attend event! You will learn, share, and come away with a refreshed and renewed love of nephrology nursing. The networking opportunities are priceless and the friendships that result are meaningful and life changing.

Monica N., RN, CNN, VA-BC, Tucson, AZ
WEDNESDAY, APRIL 22

7:15 am - 8:15 am
General Session
301 Advancing American Kidney Health: Update on the Executive Order and ANNA's Action
1.0 CH
Donna Bednarski, MSN, RN, ANP-BC, CNN, CNP
James Twaddell

The 2019 Executive Order on Advancing American Kidney Health has opened the door for changes in the care of patients with kidney disease as well as collaboration between nephrology nurses and other key nephrology providers. Learn more about the Executive Order and potential future implications for kidney care and nephrology nursing.

8:30 am - 9:45 am
General Session
302 Improving Infection Control Practice in the Dialysis Setting
1.25 CH
Tara Millson, DNP, RN, CIC

Infection is the leading cause of hospitalization and the second leading cause of death for hemodialysis patients in the United States, yet many dialysis facilities do not reliably follow basic infection control practices. This session will examine the rules and regulations surrounding infection control in the dialysis setting, identify common barriers to effective implementation of infection prevention programs, and review strategies to overcome those barriers.

10:00 am - 11:00 am
General Session
303 Innovations in Health Care and How They Influence Practice
1.0 CH
Catherine Firanek, MBA, BSN, RN

Nephrology patient care is experiencing exciting innovation, including changes in technology, in how we care for patients, and in how patients access care. This session will focus on the need to delay kidney disease progression while also supporting treatment modality decisions. Apps and other technological resources are available to assist patients in managing their care. CVS Kidney Care will be used as an example of a patient program that is using innovation to advance education and care for patients with kidney disease.

11:15 am - 12:30 pm
General Session
304 Finding Joy in Our Work Lives
1.25 CH
Joy Baldridge, CPC, CSP

It is often the connections and relationships we develop that bring us joy in life, but we sometimes need to rediscover those sources of joy in order to deal with the stress we encounter in a busy professional life. Learn how to combat stress by reversing your thoughts and actions, making connections, finding joy, and laughing more.

12:30 pm
National Symposium adjourns
Nursing Continuing Professional Development
Gain contact hours (CH) for your professional development, recertification, and relicensure. Here’s what you can earn:

- Optional Preconference Workshops – 6.0 CH
- Symposium – up to 16.5 CH
- Bonus* – 5.0 CH for a total of 21.5 CH

*After the meeting evaluation period closes, full symposium registrants (not daily) will have access to an additional 5.0 CH in the ANNA Online Library.

Additional contact hours may be available if corporate support is received for pending symposia.

Sessions marked with Rx contain pharmacology credit hours, which are time-based on the session content. Up to 5.25 pharmacology hours can be accumulated from symposium sessions; additional hours are available for optional workshops as indicated.

ANNA urges participants to be aware of the CNE requirements for relicensure in the states in which they hold a license.

American Nephrology Nurses Association is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center.

ANNA is a provider approved by the California Board of Registered Nursing, provider number CEP 00910.

Online Library & Symposium Educational Materials
Speaker reference materials will be available for viewing/download in the ANNA Online Library at annanurse.org/library prior to the symposium.

Guest Tickets for Dance Party
Tickets ($75) are limited to one per registrant and entitle the guest to attend the dance party only. Guests are not admitted to exhibits or any other conference sessions/events.

Payment Policy
No registration will be processed unless full payment is received with the registration form. If you do not receive an email confirmation regarding your registration, contact the ANNA National Office to confirm receipt of your registration.

Refund Policy
No telephone cancellations will be accepted. Written notice of cancellation must be sent to the ANNA National Office. A $50 administrative fee will be assessed on all cancellations received in writing and must reach the office no later than March 30, 2020. No refunds will be issued after this deadline. Membership fees are nonrefundable. If ANNA finds it necessary to cancel or postpone this educational offering for any reason, including, but not limited to low registration response, strikes, or acts of God, ANNA shall not be liable for registrant(s)’ expenses.

Media
ANNA occasionally uses photographs/videos of symposium participants in its newsletter, journal, website, social media, and promotional materials. By virtue of your attendance, you agree to usage of your likeness in such material.
