About Nephrology Nurses Week

Nephrology Nurses Week began in 2005 and is celebrated during the second full week in September every year. This year, the special week of recognition is celebrated Sunday to Saturday, September 10-16, 2023.

Dear Colleague,

ANNA has designated September 10-16 as Nephrology Nurses Week. This week is a time set aside to recognize and celebrate the accomplishments of nephrology nurses. This year's theme is **Nephrology Nurses are You-NIQUE.** It all starts with you, the nephrology nurse. You are nurturing, inspiring, quality-focused, uplifting, and encouraging.

We want to celebrate all of your You-NIQUE qualities. This is a time when you should also focus some time on yourself.

“Rest and self-care are so important. When you take time to replenish your spirit it allows you to serve others from the overflow. You cannot serve from an empty vessel.”

Eleanor Brown

Sincerely,
Jennifer E. Payton, MHCA, BSN, RN, CNN
2023-24 National President
